How to buy \$FRIK

1. Download Metamask or use an existing wallet

Go to metamask.io and download the wallet for your phone or chrome / firefox. Dont forget to send BNB to your wallet.

2. Go to pancakeswap.finance

Pancakeswap is where you swap your BNB for \$FRIK

3. Navigate to the trade screen

Click on “connect” at the top right of the screen, then navigate to “trade” on the sidebar.

4. Select \$FRIK

Click on “Select a Currency” and enter the contract address:

XX

5. Change “slippage” to 12%

Click on “settings” at the top right and change the “slippage” to 12%

6. Swap away

Enter the amount of \$FRIK you want and swap

I don't get it!?

No problem, Click [here](#) for a detailed explanation
